

## **Appendix H - Class of 2019 & Beyond Request for Alternatives to Arts Courses**

One of the two Arts credits required for graduation may be replaced with a personalized pathway requirement if the following are met:

- a) "Personalized pathway" means a locally determined body of coursework identified in a student's high school and beyond plan that is deemed necessary to attain the post-secondary career or educational goals chosen by the student;
- b) The student's parent/guardian agree that 1 credit in another area is more appropriate than 1 credit in Arts because it better serves the student's career goals.

---

***Request for Alternative to 1 credit Arts Courses***

*To be completed by student and parent/guardian*
